Evening all

Could I please be copied into this email chain from the start and is there a copy of the member of publics proposal etc.

All I can currently see is Rolfs reply to Wendy.

Is there a current plan in place for usage of the MUGA? Who owns it, who uses it and at what cost.

Has the netball club planned usage been put forward and this also goes for HTFCs disabled football plans.

Personally, if there is a proposal that will benefit the towns health and wellbeing, including mental health and physical health as they both go hand in hand it's surely a positive proposal and we should be working together to make it work.

If I can see the member of the public plans etc and if they plan to improve facilities and fund such improvement,7 then I feel this should be considered.

I've spoken to a few of the members of public including the younger generation and they have mentioned a Padel Court would be a positive community move.

It's becoming a very popular sport across the country.

Thank you Rolf, I hadn't even considered that there may be a conveyance on the land. At this point I hadn't even got the deeds folder out of the safe.

I will await contact from Rickaby on his thoughts and then go back to the member of the public.

Wendy Brame
Town Clerk

Subject: Re: Padel Court at LRSG

Hi Wendy
I would not support granting a lease over the MUGA to this or any other commercial organisation. The business plan suggests substantial changes would be needed to convert the MUGA into a Padel Court. Their Business Plan has built in the cost of
