Good Morning Huw and members of the Planning Committee

As Chair of the Planning Committee, I am endeavoring to resolve the disagreement on the Minutes of the Planning meeting held on 27th July and I have met with Paul and subsequently with Wendy and Jackie to discuss the issues.

I asked Wendy for a copy of the Town Council recording as this seemed, as you say, the most obvious and proper way to ensure the minutes reflect what was said.

Unfortunately I learned that due to an operator error when the Zoom meetings for July were scheduled, the recordings of the July meetings were not saved.

This has obviously made it more difficult and I am seeking to set up a face to face meeting with Wendy and Paul to discuss this further.

Best regards

Rolf

Subject: town council's recording of planning committee meeting, 28th July

Hi Rolf

There appears to be disagreement as to what happened at the Planning Committee meeting of 28th July, with the approval of the minutes now deferred twice, and I believe three versions of the draft minutes provided to the committee for approval at various times.

I believe it would helpful if all committee members received a copy the town council's recording of that meeting, prior to the committee's next meeting, to help resolve matters. Can you assure me we will get a copy?

Many thanks

Huw
